Your refuse disposal site does not have a permit issued by this Agency. Chapter 7, of the Illinois Pollution Control Board Rules and Regulations on Solid Waste provide in substance that, subject to the specific exemption contained in Section 21 (e) of the Act, no person shall cause or allow the use or operation of any existing solid waste management site without an Operating Permit issued by the Agency on or before July 27, 1974. All applications for Operating Permits shall be submitted to the Agency on or before April 28, 1974.

The Agency has referred the results of its investigation to the Attorney General's Office for action before the Pollution Control Board pursuant to the Environmental Protection Act and Chapter 7, of the Illinois Pollution Control Board Rules and Regulations on Solid Waste.

Very truly yours,
